About

Lotus STEMM is a non-profit organization dedicated to empowering South Asian girls, women and non-binary people in Science, Technology, Engineering, Mathematics, and Medicine (STEMM)

Our Mission

To provide a networking & leadership platform for South Asian women in STEMM.

1

Outreach

To increase science literacy, accessibility, and leadership of South Asian community in STEMM

2

Networking and Leadership

To increase visibility and representation of South Asian women in the STEMM fields

3

Research

To understand the determinants of a South Asian woman's career choices, and to train South Asian females in scientific methodology

Our Impact

Lotus STEMM's impactful annual conferences in the past have empowered students, fueled their STEMM passion, and created lasting community impact

Through *hands-on activities, engaging presentations, dynamic guest speakers, and diverse participation*, we've transformed students' lives.

Outreach

Engaged 1000 + in hands-on activities at schools, conferences, & cultural events in last 2 years

Networking

3 global programs run annually to help bridge cultural and STEM barriers

Research

Ongoing 3-year research project on systemic change. Trained 9+ research students who have entered professional schools.

OUR PROGRAMS

The Lotus STEMM team continues to make an impact on the community all year-round. We offer various types of outlets for the South-Asian women of all ages to connect from not just within Canada but across the globe. Click on images to view our programs.

LOTUS STEMM MENTORSHIP PROGRAM

Promoting South Asian women in Science, Technology, Engineering, Math & Medicine.
